May 11, 2020

A message to our Unifor Local 1106 nurses regarding postponing Nursing Week Celebrations.

During this unprecedented time in history, we honour not only our Unifor Local 1106 Nurses, but all nurses everywhere. With 2020 designated as “Year of The Nurse”, it has certainly turned out to be that. The challenges that our nurses are going through have been extraordinary and have more than risen to the call.

You have taken on this current health crisis without any hesitation to do what you do best, fighting for the health of humanity.

We recognize how hard being a front-line nurse is in this crucial time.

May 11th-17th 2020 is “Nursing Week”. We ask that all our members recognize the enormous contribution nurses have been making by thanking a nurse. You can express your gratitude during this time through social media platforms.

Although celebrating Nursing Week will have to be postponed for obvious reasons, our Local 1106 RPN committee are currently looking at holding this celebration in the fall. We will be monitoring the situation and will keep you informed.

In solidarity,

Unifor Local 1106 RPN Committee

We are **PROUD** of the **WORK** you do, and
the **DIFFERENCE YOU** make
