Greetings All,

We are aware that after Premier Doug Ford made his announcement regarding the temporary \$4.00 pandemic pay, unfortunately the government is still working through some of the processes and we are still waiting for the directive to be sent out to Healthcare Unit with guidelines on its implementation.

Please know that your Union has been and will remain in constant communication with your Employer in rolling out this pandemic pay.

Also know, that our National and local leadership will continue to advocate that not one healthcare member be left out of this temporary Pandemic Premium.

Please contact the local if you have any questions.

Thank You

Ruth Pryce
President
